**Should we raise money to build a pool in the paddock?**

We should raise money to build a pool in the paddock.

Firstly, swimming is good exercise and if we have a pool in the paddock, it will help us stay healthy.

Secondly, when it is a hot day, we can swim in the pool to help us cool down.

Thirdly, swimming is fun and a good way to make friends.

Therefore we should raise money to build a pool in the paddock.
